"KEEP COOL, NELLIE"—Mistral the heat of summer and a hot French political campaign, Nellie needs a sunbust to keep her temperature down. Monsieur Leon, one of Paris' few remaining horse-cab drivers, leads his steed through the city streets while catching up on the political news.

Showers Featured in the Midwest

Chicago, June 21 —(AP)—Summer is being ushered in officially with a lot of rain in the middle west. Showers and thundershowers occurred last night over the central plains and lower Missouri valley, and in some portions of the north-east Rockies and Nevada. Several Kansas weather stations reported more than an inch of rain in six hours.

The rainfall is moving eastward and is expected to spread into the eastern part of the north central states tonight and tomorrow. Temperatures are summer-like in most areas.

The summer solstice, which officially ushers in summer, will occur at 12:25 a. m. tomorrow. That's the time when the sun is at its northernmost point, and then it starts back southward. Today and tomorrow are the longest days of the year.

bill does not impose the addition of tax burden in the wisest and most equitable manner, I can only say that each decision represents a majority vote of the committee on ways and means."

Try Anew to Settle Ship Strike

New York, June 21 —(AP)—The CIO National Maritime union and operators of East and Gulf ships tried anew today to settle a work stoppage that has tied up shipping for six days.

A joint meeting of seamen and ship owners broke up in a deadlock last night with management offering a 44-hour work week at sea and the union demanding 40 hours, comparable to the current main thing holding us up."

The work stoppage, which began with expiration of union contracts at midnight last Friday involves 50,000 members of the NMAU, 4,000 of the National Marine Engineers' Beneficial association, and 1,400 radio operators, members of the American Radio association. The unions have demanded 40

hours, a 25 per cent increase in wage, company-paid vacations and settlement of "injustices." The work week of seamen actually is 5 hours, and the present 48-hour "workweek" means that overtime is paid beyond that period.

Poker, believed to be an adaptation of a Persian game, "As Nas," which came to the United States by way of New Orleans. It takes its name from the French game "poque" and the German game "pochen" which it resembles.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of higher functions. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor backache irritations due to cold or wrong diet may cause sleeping up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild Doan's give happy relief for these discomforts. They help filter out kidney toxins and flush out waste. Get Doan's Pills today.

Hurley Hurls Charges at State Dept.

Washington, June 21 —(AP)—
Patrick J. Hurley accused the state department today of making "a deliberate attempt to disparage me" in its 1945 "white paper" on China.

Hurley, World War Two ambassador to China, was testifying for the second day at the senate inquiry into Far Eastern policy.

Much of the questioning was on the first day, turned toward the Yalta agreement.

Hurley then questioned Hurley as to who were "the prime actors in the great drama at Yalta" which so changed the world.

Hurley replied he was not at Yalta but "there are a number of witnesses who were x x x."

Hurley then questioned Hurley as to who were "the prime actors in the great drama at Yalta" which so changed the world.

More U. S. Reds to Be Picked Up Soon

New York June 21 —(UP)—
The government's second big crack-down on American Communist leaders widened today following the roundup of 17 members of the party's second team.

More junior communists are due for prosecution, authorities indicated.

Out of 21 Red leaders indicted here yesterday, four still were sought today.

A hundred FBI agents in 25 autos seized 15 here early yesterday, and a 16th was arrested in Pittsburgh.

The roundup came 1 days after the U. S. Supreme court affirmed the convictions of eleven top Communist leaders.

A total of \$181,000 bail, ranging from \$1,000 to \$20,000 — was set late yesterday for the 1 arrested here. The Pittsburgh prisoner was held in \$15,000 bail for removal to New York.

Fifteen of those arrested here, including four women, remained in jail overnight.

The 21 are charged with criminal conspiracy to reach and advocate overthrow of the government by force and violence.

The indictment was the first mass prosecution of Communists since the June 4 Supreme court ruling upholding constitutionality of the Smith act, under which the eleven top Red leaders were convicted in 1949.

The 21 were indicted for allegedly taking part in the same conspiracy for which the eleven were convicted.

U. S. Attorney Irving H. Saypol indicated here yesterday there would be further prosecutions. The special federal grand jury which indicted the 21 is continuing its work.

In addition, the 21 were accused of plotting to take the party underground to carry out the conspiracy in case of emergency.

Judge Samuel Kaufman set June 29 as the date for the defendants to plead to the indictment.

In Washington, Supreme Court Justice Robert H. Jackson was scheduled to hear arguments in behalf of the convicted eleven today. Free in bail, they are fighting for a stay of sentence pending an appeal to the Supreme court to reconsider its decision on their case.

The government charged that those accused yesterday were to have taken charge of the Communist party when the eleven went to prison — ten of them for five years and one for three years.

The 21 named in the indictment could get sentences up to a maximum of five years in prison and fines of \$10,000 upon conviction.

From where I sit... by Joe Marsh

Flowers— "Made to Measure"

Looks like your calling ahead for flower growers. These of us who have been putting around in our gardens, can now relax, and let science take over.

Seems as though it's all done with different color lights. Want your petunias to be stronger? Green 'em under blue light! And if you want your flowers to really blossom—try red lighting.

Scientists also found the growth of tulips can be regulated so they'll bloom on the day you want—even the size and shape of leaves can be controlled. (Looking at my wife

anxious. I wish I had some of those lights set up right now!)

From where I sit, we can usually make things better when we don't "leave it to chance." That's why the Self-Regulation Program sponsored by the Flower Industry is such a success. Bear retailers voluntarily cooperate with this program. They keep their flower orders, and well-regulated down to the last inch... so there's always "measure up."

Joe Marsh

Clubs

Columbus
A demonstration on making corsages and flower arrangements was given by Mrs. B. C. Webb when the members of the Columbus Home Demonstration Club met Monday afternoon in the masonic building.

The customary opening service was observed with the president, Mrs. L. K. Boyce, Sr., presiding. The group repeated the club creed, sang the song of the month, "My Wild Irish Rose," followed by the scripture reading, Matthew 5:1-12 and prayer by Mrs. J. O. Johnson.

Roll call was answered with "My Favorite Garden Flower." During the business session old and new business was discussed.
Mr. R. C. Stuart, recreation leader, led the group in a very interesting game, the prize being won by Mrs. J. P. Webb Jr. Mrs. Webb also won the surprise package.
Mrs. J. P. Webb Jr. Mrs. Webb also won the surprise package.
Mrs. J. P. Webb Jr. Mrs. Webb also won the surprise package.

Matthews to Take Irish Appointment

Former officials said today Secretary of the Navy Francis P. Matthews has decided to accept appointment as ambassador to Ireland.

These officials, who asked that they not be named, told a reporter Matthews' name has already been submitted to Dublin for anticipated approval there, and that President Truman will announce the appointment shortly.

These sources said they did not know who might succeed Matthews.

As envoy to Dublin, Matthews would succeed George A. Garrett, who resigned as of May 31.

Matthews has never disguised his hope that he might represent the U. S. in Ireland some day.

An Omaha attorney before he became secretary of the navy just two years ago, Matthews has long been active in Roman Catholic church lay activities.

Inflation Scored by Eric Johnston

New York, June 20 — (AP) — Demands of defense production will be the tearing gaping holes in the supply of civilian goods in the next few months, Eric Johnston, economic stabilization administrator, said last night.

Johnston said the cost of living index is "rising by the month" and every percentage point increase costs the consumers two billion dollars a year.

He spoke before the commerce and industry division of the national conference of Christians and Jews, which gave him an award for distinguished service in the field of human relations.

Inflation has cost the nation out of seven billion dollars worth of armaments, Johnston said.

He explained that since increased prices had added that amount to the cost of rearming, "we lost \$7,000,000,000 worth of armaments as surely as if they had been sunk by a hostile submarine."

Baptists Rap Merger of Protestants

San Francisco, June 21 — (AP) — The Southern Baptists convention opposes amalgamation with other faiths.

Some 13,000 delegates at the five-day convocation yesterday adopted a committee report opposing organized movements for Protestant unity.

Southern Baptists, the report declared, will cooperate with other religions but will resist "the tendency to compromise the gospel by recognizing those who deny the virgin birth of the infant Christ and the unerrancy of the Holy Scripture."

Dr. T. C. Gardner, Dallas, director of the Baptist training union, authored the report.

A succession of speakers, including the conference president, the Rev. Robert G. Lee of Memphis, Tenn., urged adoption of the report.

The delegates also heard recommendations for expanding the church's radio program. The Baptist Hour and for the use of television in missionary work.

Dr. Southern Baptist director of commission, suggested two types of TV programs. One, he said, would be a series of 15-minute religious dramas and the other a 15-minute presentation of the Baptist Hour.

Lowe said both would be filmed and sent to individual stations.

A \$90,000 appropriation was voted for church programs. Lowe's commission said plans for TV and extending the Baptist Hour will depend on additional funds.

Earlier, the delegates approved a \$100,000 budget for the church's cooperative program during 1952. That is an increase of approximately \$2,500,000 over this year's budget.

The Rev. Charles Wellborn, 32, of Waco, Tex., denounced materialism, immorality and alcohol. He said:

"The United States of America today is a drunken, intoxicated nation, reeling its way along the path of destiny."
"x x x x today the United States — the world's leading Christian nation — stands condemned in the eyes of the world as the most lawless and immoral culture of our time."

Army Probing Job With Firm in Mississippi

Washington, June 21 — The army says it is investigating \$3,000,000 worth of contracts with a Natchez, Miss., firm which a house armed services subcommittee contends should be cancelled.

The subcommittee, headed by Rep. Herbert (D-La.), reported to the house yesterday that "none of these contracts have been performed" except for a limited portion of one of them and it said the company, the Elvair Corp., never had enough cash to carry out its commitments.

These conclusions were challenged by a company director, Grover Cleveland, in Jackson, Miss.

"The Elvair corporation does have production facilities to produce all contracts granted them and is currently producing cushioned seat backs for half-track ordinance vehicles at the rate of 7,000 per week and this is to be increased to 20,000 in the next week," Cleveland said in a statement.

"Six thousand tow targets are being produced for the air force and are being delivered on contract schedule."

Cleveland said all Elvair's contracts with the government were obtained on competitive bids. He said his firm's total bids were at least \$150,000 lower than the next lowest ones.

The army declined to comment except to say that its inspector general, Maj. Gen. Louis A. Craig, is investigating.

Hebert's so-called watchdog subcommittee termed the whole matter "fantastic." It said that at a time when Elvair was awarded a \$2,900,000 contract for army tank covers it had only \$179.80 on hand. The report added the firm anticipated a profit of \$129,000 but that it probably would have been "much more than that."

The report recommended that two inspectors in the Birmingham ordinance district who checked one of the contracts involved be discharged. It characterized the district itself as "the most haphazard, naive, and negligent xxx that could be imagined."

The subcommittee said Elvair's first board of directors, including B. A. Totten, whose acquaintance with the firm's sales manager, B. T. Jayne of Ponca, Okla., "flowered during the time both of them were in the El Reno (Okla.) penitentiary."

He spoke before the commerce and industry division of the national conference of Christians and Jews, which gave him an award for distinguished service in the field of human relations.

Inflation has cost the nation out of seven billion dollars worth of armaments, Johnston said.

He explained that since increased prices had added that amount to the cost of rearming, "we lost \$7,000,000,000 worth of armaments as surely as if they had been sunk by a hostile submarine."

BIRDS IN A "WELDED CAGE"—They're only ten days old and they've never left their nest, but these six baby robins have traveled hundreds of miles. Their nest was built in the underframe of a giant truck-trailer. Trucking terminal manager Glen Wheeler of Madison, Wis., is checking the birds over after one of their daily runs from the Madison terminal.

DOROTHY DIX Changes For the Worse

Dear Miss Dix: I am engaged to a boy who has changed greatly since he has given me my engagement ring. He was always so clean and neat but lately he doesn't take any interest in his appearance and I am humiliated to go out in public with him. He is forever borrowing money from me and never pays it back. When I object he tells me we are engaged and I shouldn't mind giving him money as he will have to support me the rest of my life, anyway. He used to give me gifts on different occasions, but now never bothers to give me any. I have broken up with him several times but he always comes back and says he is going to change, but never does. Do you think I should give him up for good? I know I'm not happy this way.

Answer: You're one of the lucky ones, Fay. Most men wait until they're married to show such characteristics. Your fiance doesn't have even that much interest in keeping up appearances. The qualities he displays now are the ones you will have to live with if you marry him. Does the idea appeal to you?

Personal untidiness and sloppiness are bad enough, but his attitude toward finances should make you hand back that engagement ring as fast as you can. If he takes money from you so casually now, you'll probably wind up as the breadwinner for the family, and make no mistake about it. This boy is just looking for an easy touch and nothing in his treatment of you shows and sign of affection or consideration.

I doubt if your fiance will ever get as far as the altar, even if you do nothing to terminate the engagement. When he has all the money he can coax from you, you are likely to find yourself stranded. If you do go ahead with the marriage, you can look forward to long years of working all day to support him, then coming home at night and cleaning up after a dirty husband. Do you find the prospect alluring? If not, hand back the ring and find a husband who will cherish you as a wife should be.

Nothing can be so goading to meticulous person as an unkempt and disorderly spouse. These habits of personal untidiness are beyond the bounds of reformation. If they exist before marriage, they will get much worse later. No people are more misnamed than the neat and the slatternly; no one is a surer candidate for psychiatric care than the tidy wife of a slovenly husband—unless it's the fastidious husband of a frowsy wife.

Dear Miss Dix: During my senior

year in high school three years ago I met a young man for whom I have a great deal of admiration. We have developed a close friendship and I trust him completely. He has high ideals and makes a good living. But there is one thing wrong with him. He is too bashful. Whenever he would make a date with me he'd phone that something came up to make it impossible to meet me. After waiting for him a year and a half, I began dating another man, and became engaged. However, I soon realized I didn't care as much for him as for my bashful beau and broke the engagement. Then I met my bashful friend and he told me he thought I was the sweetest girl he had ever known and that he intended to ask me to marry him. However, he said I was one girl to whom he never knew what to say. Now I'm still waiting! I'm sure he loves me but he's too bashful to make a date and keep it. I know and like his family (who realize the problem and have done everything to help but to no avail). How can I help him to get out more and get over being so shy?

Answer: There are times when the approach direct is the only way to handle a bashful lover. Instead of waiting lady-like, for him to do the dating, take the matter in your own hands and do the asking yourself. You may have to even pop the vital question yourself. It's been done more often than many wives will admit. It can be very exasperating to watch a shy man waste the years away getting up enough courage to say a few words but you'll have this consolation when you finally land him: he'll be too bashful to go around dating other women so you're sure of a faithful mate.

Dear Miss Dix: I am 28 and my fiance is 31. We have been engaged for one year and were all set with plans to wed in the near future. From out of the blue he turns around and tells me he can't marry me because my parents have been divorced and he doesn't approve. He went steady with me for eight years.

Answer: I'm afraid, Wanda, that

SINUS CATARRH
FIND CURE FOR MISERY DUE TO NASAL CONGESTION. SUPPLY RUSHED HERE!
Relief at last from torture of sinus, catarrh, and hay fever due to nasal congestion. Is seen today in reports of success with a formula which has the power to reduce nasal congestion. Men and women with agonizing sinus headaches, clogged nostrils, sneezing, hawking and annoying itchy watery eyes find relief after using K-LORONOL, costs \$5.00, but considering results, this is not expensive, amounts to only pennies per dose. K-LORONOL (caution: use only as directed) sold with money-back guarantee by Cox Drug Store—Mail Orders Filled

Deanna Durbin Has a Boy

Paris, June 21 — (AP) — Deanna Durbin has given birth to a nine, and-a-half pound boy, named Peter "because it's a nice name," her husband said today.

The child is Deanna's second. Her five-year-old daughter, Jessica, was born on her second marriage, to Hollywood Producer Felix Jackson.

Miss Durbin, 28, married 44-year-old Director Charles David last Dec. 21, soon after her divorce from Jackson became final. The star's first marriage was to Vaughn Pearl. David said today: "Deanna is feeling fine and I think she'll come home soon. It was a wonderful new experience for both of us. You know, in France they let the daddy stay in the room until it's all over."

War Casualties Total 73,000

Washington, June 21 — (AP)—Announced U. S. battle casualties in Korea have reached 73,040 including 10,833 killed in action.

The Defense Department yesterday announced these figures, based on notifications to next of kin through June 15.

The total represented an increase of 3,207 in a week. That was the sixth largest weekly increase since the start of hostilities.

The figures do not include non-battle casualties—men out of action for such reasons as illness.

Funds Asked for Arkansas Defense Plants

Washington, June 21 — (AP)—Arkansas defense installations will be enlarged and prepared to cope with a more serious world situation if the defense department's request for money is approved by congress.

The department yesterday submitted its literary construction bill to congress. It asked a total of \$46,708,000 asked for the naval facilities.

Rep. Harris (D-Ark) said the \$45,708,000 asked for the naval ammunition depot at Shumaker, just north of Camden, would be used to enlarge production facilities and construct storage space.

Rep. Boyd Tackett (D-Ark) said Camp Chaffee, army training center near Fort Smith, would be expanded with the \$4,500,000 asked for the center.

Rep. Norrell (D-Ark) said \$710,000 asked for the Midwest Chemical center, Pine Bluff, would be used to build storage and decontamination facilities. The army announced that inactive Camp Robinson, near Little Rock, eventually will be used to train soldiers.

Sen. McClellan (D-Ark) said the Camp Robinson request of \$4,321,500 is to provide for troop supplying, facilities, training facilities, land acquisition and utilities to put the camp in shape for use in event it is needed.

Byrd Heads Drive Against Press Agents

By JAMES MARLOW

Washington, June 21 — (AP) — Every year, it seems, congress gets indignant about government press agents and murmurs "Let's get rid of them." Nothing happens and the years pass. This time something may happen.

Senator Byrd, Virginia Democrat, is leading the crusade against them. His cry is "more news and less bull." Under his nudging, the senate has voted to cut down the money spent on the publicity men. If the house also approves, there will be fewer of them.

The economy-minded Virginian cited some figures which he dug up from various sources:

There are 4,189 publicity men in the government. Their work costs about \$103,000,000 a year; \$13,000,000 in pay; \$50,000,000 to print the stuff they turn out; and \$40 to mail it.

What's wrong with the press agents? Byrd thinks to many of them are used to pump out propaganda plugging programs of the agency which hires them and to try to influence congressmen.

It seems, the senator pointed out, the government press agents have been a problem for congress all the way back to 1913. At least, in that year congress passed a law forbidding government agencies to hire publicity experts unless congress specifically voted money for such jobs.

But for years, Byrd complained in a speech to the senate, agency men have been turning them loose on publicity.

Byrd is chairman of the joint committee on reduction of nonessential federal expenditures. And his committee got out the mailing list of the government agencies to find out what, and how much, stu they were putting out.

Last weekend alone, he reported, his committee received 2,222 separate pieces of publicity from the agencies in one form or another. He was particularly burned up about a "gem" from ECA, the economic cooperation administration which handles the Marshall plan.

This one, he said, discussed the

Legal Notice

ORDINANCE NO. 676

AN ORDINANCE ASSESSING BENEFITS ON THAT PART OF STREET IMPROVEMENT DISTRICT NO. 17 WHICH BORDERS WEST 16TH STREET DESIGNATING AN ANNUAL PAYMENT OF 20% OF SAID BENEFITS NAMING THE COLLECTOR AND SETTING OUT AN EMERGENCY.

WHEREAS, by Ordinance No. 625 Street Improvement District No. 17 was created and the Commissioners were given authority to designate the streets within said district to be blacktopped; and

WHEREAS, the North Half of West 16th Street between South Grady Street and the Southeast corner of Beverly Hills Addition is within said District No. 17 but the Commissioners did not originally include this one-half of West 16th Street in the streets to be blacktopped when benefits were originally assessed which resulted in the passage of Ordinances 659 and 670; and

WHEREAS the Commissioners have now arranged for a contractor to pave this North Half of West 16th Street within this District, have had assessments made on all of the property bordering said street within this District and the requirements of the status have been complied with throughout; and

WHEREAS, the estimated cost of said improvement is \$2,090.78.

NOW, THEREFORE, be it ordained by the City Council of Hope, Arkansas, that all of the several blocks, lots and parcels of real estate that borders on the North Half of West 16th Street in Street Improvement District No. 17 in Hope, Arkansas, be assessed according to the supplemental assessment list for said improvement district as the same now remains in the office of the City Clerk and that 20% of this assessment of benefits, exclusive of interest, on each of said blocks, lots and parcels shall be paid to Charles Reynerson, District Improvement Collector, on or before July 10, 1951, and that 20% of each of said assessments with 5% interest on the unpaid balance of said assessments shall be paid annually thereafter for four years with the 1952 assessment to be paid on or before April 30, 1952, and the successive annual payments to be paid on or before the same date of said successive years as April 30 is in Ordinance No. 670 now set as the date of the payment of the successive installments on assessments throughout this district. When the entire assessment of benefits on any block, lot or parcel shall be paid on or before July 10, 1951, no interest shall be charged as a part of any assessment.

SECTION II. Because the contractor is now engaged in paving operations on other streets in this District and because money is needed immediately in order to assure the contractor's completing this job including that part of the North Half of West 16th Street which lies within this District in his operations for 1951 and because this improvement is necessary for the health and general well being of the parties living within this District an emergency is declared to exist and this ordinance shall take effect and be in full force from and after its passage.

Passed and approved on this 19th day of June, 1951, and published in the Hope Star of Hope, Arkansas, on June 21, 1951.

Lyle Brown Mayor
Mrs. Charles F. Reynerson City Recorder

El Dorado Band to Washington

Washington, June 21 — The El Dorado, Ark., high school band is due in Washington Saturday for a look around the nation's capital.

Rep. Harris (D-Ark.) said the 80-member band is en route to Atlantic City for the international Lions convention.

He told a reporter he has arranged to meet the band on the capital steps at noon Saturday and take the members to lunch and on a tour of the building.

"I'm looking forward to a busy day," he said.

Several other members of the Arkansas delegation will be on hand to meet the band.

Legal Notice

ORDINANCE NO. 678

AN ORDINANCE ASSESSING BENEFITS, DESIGNATING AN ANNUAL PAYMENT OF 20% OF SAID BENEFITS, NAMING THE COLLECTOR FOR IMPROVEMENT DISTRICT NO. 20 AND SETTING OUT AN EMERGENCY.

WHEREAS, the majority in value (two-thirds) of the property holders owning property adjoining the locality to be affected and situated in District No. 20 organized (See Ordinance No. 672) for the purpose of blacktopping according to the proposal made by the City of Hope, have petitioned the Council of the City of Hope, Arkansas, for the construction of said improvement, and that the cost thereof shall be assessed upon the real property of said district, according to benefits received; and

WHEREAS, said benefits received by each and every block, lot and parcel of real property situated in said district equals or exceeds the local assessment thereof; and

WHEREAS, the estimated cost of said improvement is \$2,894.60; and

WHEREAS, the streets to be blacktopped are:

1. Spruce Street from a point 150 feet North of the North side of East Second St., where Spruce Street intersects East Second Street running to the South side of East Division Street where Spruce Street intersects East Division Street.
2. Foster Avenue from the East side of Spruce Street where Foster Avenue intersects Spruce Street to a point 100 feet East from the point where Foster Avenue intersects Edgewood (Sometimes called Oak Street) Street.
3. Edgewood Street (sometimes called Oak Street) from a point where Edgewood Street intersects the North side of East Second Street to a point where Edgewood Street intersects the South side of East Division Street.

THEREFORE, it is now ordained by the City Council of the City of Hope, Arkansas, that the several blocks, lots and parcels of real property in said district be assessed according to the assessment list for said improvement district as the same now remains in the office of the recorder or city clerk and that 20 per centum of the assessment of benefits, exclusive of interest, on each of said blocks, lots and parcels shall be paid to Charles Reynerson, District Improvement Collector, on or before July 2, 1951, and that 20 per centum of each of said assessments with 5 per centum per annum interest on the unpaid balance of said assessment shall be paid annually thereafter until the whole of said local assessment shall be paid. When the entire assessment of benefits on any block, lot or parcel shall be paid on or before July 2, 1951, no interest shall be charged as a part of any assessment. Any unimproved property, which shall be improved during existence of this district, shall be reassessed.

T - City Treasurer of Hope, Ark., as is designated as Collector for this District in addition to his other duties.

SECTION II

Because work has begun on this project and expenses have been incurred and money is needed immediately to pay these expenses already incurred an emergency is declared to exist and this Ordinance shall take effect and be in full force from and after its passage.

Passed and approved on this 19th day of June, 1951, and published in the Hope Star of Hope, Arkansas, on June 21, 1951.

Mrs. Charles F. Reynerson City Recorder

Consumer Demand Drops Beef Prices

By The Associated Press

Retail beef supplies were well below normal in most sections of the country this week. But so was consumer demand.

Several major meat retailers said that even with their beef stocks down to as little as 40 per cent of normal, they had enough because their customers were concentrating on other foods to avoid paying present high beef prices.

Meantime, the switch in demand to cheaper foods was reflected in a price boost of two to four cents a pound for frying and broiling chickens in several large marketing areas. A spokesman for the A&P food chain said its sales of poultry had climbed sharply in the last two weeks.

Pork, lamb and veal prices held about unchanged at the high permitted under the general price freeze.

Top grade eggs were up one to two cents a dozen in most cities. This partly reflected brisk demand for small substitutes.
